

BOER'S ATTACK IS HOURLY EXPECTED

So Says a Special to Pall Mall Gazette.

ARMS DISTRIBUTED TO SCHEINER'S CONSTITUENCY.

A Cape Town Dispatch is to the Effect That Uprisings Are Feared and Farmers Are Asking Permission to Organize Militia Companies as Local Defence—Another Rumor is That Transvaal Has Sent a Second and More Conciliatory Note to the British Government.

London, Sept. 19.—[Special].—A Fall Mall Gazette special from Cape Town says the Boers are expected to take the initiative step and an attack is hourly expected.

Rumor of a More Conciliatory Note. London, Sept. 19.—[Special].—A Cape Town dispatch says it is persistently rumored that Transvaal has sent a second and more conciliatory dispatch to the British government.

At the colonial office, today, nothing could be learned regarding the rumor.

Boer Agents Are Active

Cape Town, Sept. 19.—[Special].—It is known that the Boer agents are active throughout the country and it is reported that they have distributed arms to Premier Scheiner's constituency.

Many reports received here from the country districts speak of the uneasiness among the natives.

Uprisings are feared and the farmers are asking permission to organize militia companies as local defence.

Pretoria, Sept. 19.—In an interview Secretary of State Reitz contradicted in the most emphatic manner the reports that the executive council and the Volksraad were not in accord on the question of granting the franchise to the uitlanders.

These reports allege that a considerable minority of the Volksraad is in favor of an unrestricted five years' franchise.

Mr. Reitz declared that it was important for the world to know that the government, the Volksraad, and the people of the Transvaal were acting in the most complete accord.

He added that any further decision by the republic would be made in conjunction with the Orange Free State.

American Mediation Desired.

London, Sept. 19.—A dispatch from Cape Town to the Daily Mail says that Mr. James Stowe, the American consul general, has gone to Bloemfontein at the request of the government of the Orange Free State to confer on the crisis.

The Free State, the dispatch adds, desires to secure the intervention of the United States in the dispute between the Transvaal and Great Britain, and hopes that as a disinterested party the United States will consent to mediate.

Another dispatch from Cape Town says the Cape Times has again raised an outcry against the Cape government for allowing the Orange Free State to import arms and ammunition by way of Port Elizabeth, where huge supplies continue to arrive.

Negotiations May Continue.

London, Sept. 19.—The Transvaal reply to Mr. Chamberlain's last note has been published. It is generally admitted to be moderate and conciliatory in tone, and certainly leaves the way open for further negotiations. It makes clear, however, that certain concessions offered by the Boers were based on the condition that the British claim of suzerainty be withdrawn.

It may be assumed as certain that Mr. Chamberlain will do nothing more pending a consideration by the cabinet of the Boer reply. While there is no reason to believe war is immediately at hand, barring the chance of a Boer raid on the Natal border, the feeling that a conflict will come sooner or later was reflected in a decline in consols and general depression on the stock exchange Monday. There was nothing in this, however, in any way resembling a panic.

Boers Advised to Act Quickly.

Berlin, Sept. 19.—The newspapers of this city, in discussing the Transvaal situation, express the opinion that Great Britain cannot recede from the position which it has taken, but will be obliged to march forward. The Deutsche Tageszeitung advises the Transvaal government to begin hostilities immediately before Great Britain's preparation for war are completed.

No Aid for the Boers.

Berlin, Sept. 19.—The German government has emphatically informed President Kruger to expect no assistance in the event of war with Great Britain and that the German consuls in the Transvaal have been instructed to inform Germans who volunteer their help that they will be aiding President Kruger at their own risk.

Flemings Uphold Boers.

Antwerp, Sept. 19.—A violent anti-English and pro-Boer meeting of the Flemish party was held here Sunday night.

Resolutions were adopted urging the Transvaal to throw off the English yoke, and all Flemish-speaking races in Africa were asked to stand by the Boers.

Prav and Fight with Boers.

A great meeting of citizens of the town yesterday, at which it was decided to pray earnestly for peace, but to fight with the Boers if the sister republic should Great Britain send troops to invade the Transvaal.

EIGHTEEN MEN ARRESTED.

Only Five of the Colored Men Were Killed in Sunday's Battle.

Cartersville, Ill., Sept. 19.—In the battle of Sunday fought in the streets of Cartersville only five negroes were killed. The report that two others had been found dead near the outskirts of the city proved false.

The coroner's jury is still in session and will probably not reach a verdict until Wednesday afternoon. Much difficulty is being encountered in discovering the identity of the men who did the killing. State Representative O. J. Page, of Metropolis, and Postmaster James Landen were within twenty feet of the scene of the riot, which began, they say, when one of the colored non-union miners fired a shot. This was Sid Cummins, who fired point blank at Robert Hadfield. Cummins was shot twice through the head and is dead.

Each of the dead men had a heavy revolver and from twenty-two to forty cartridges. When the first shot was fired men ran from all parts of the town with Winchester and revolvers. One curious feature is that each of the dead negroes has from one to five bullet holes in his head.

The town is in a state of feverish excitement and the negroes at Greenville, the little village at the Brush shaft, are frenzied. Manager Donnelly says that when the negroes heard of the killing of their comrades they tried in every manner to get rifles from the company's magazine to make an attack on the town. He prevented them, but they may yet break from the company's control.

Despite the excitement, Col. Bennett, in charge of the troops here, wired Gov. Tanner that further trouble was not feared. Company F, I. N. G., of Mount Vernon and company B of Newton have arrived to re-enforce company C. Citizens assert, however, that quiet will prevail only so long as the troops are here; that when the troops are recalled, if the negroes still remain at the Brush mine, rioting may be expected at any moment.

The militia arrested eighteen men late Sunday night, who were returning from Herrin, they being miners from the shaft there who had been in Cartersville. They were lodged in the Williamson county jail. At the time of arrest they were all armed. The prisoners are accused of being in the mob that killed the negroes. They were charged with murder, and Col. Bennett has sent a detachment of soldiers to Marion to guard them, lest they escape.

The following are the dead in Sunday's battle: T. J. Floyd, Sid Cummins, Huz Bradley, Will Prentiss, and John Black. The funeral for the victims of the mob will be held today.

Sam Browning and Jim Hayes, negroes, are among the missing and are thought to be dead.

Thirty Governors to Attend.

St. Louis, Sept. 19.—The local arrangements are practically complete for the anti-trust conference of governors and attorney generals called for the purpose of devising ways and means for opposing trusts by legislation. The session will open Wednesday morning. No fixed program has been arranged. No set speeches are expected to be delivered, and the delegates are expected to engage in open discussion, giving their views and opinions off-hand. Gov. Sayres of Texas will call the gathering to order and explain the purposes of the meeting. Delegates are already arriving in the city and the indications point to a large attendance. The nonpartisan character of the conference is assured by the fact that both political parties will be about equally represented.

The purpose of the Filipino general is to confer with Gen. Otis, presumably regarding peace, as no exchange of prisoners has been asked for.

Otis believes that Aguinaldo desires to make peace overtures.

Racine, Wis., Sept. 19.—Alderman Albert J. Linck of the Sixth ward, has disappeared and his parents and friends are considerably alarmed. Mr. Linck was seen Saturday evening, when he talked to a friend on Main street. He had never left his home for any length of time before without letting his parents know where he was going. On this account his mother notified the police and said she feared he had been assaulted and thrown into the river by persons with whom the family had trouble, or that he had been robbed and made away with. When he left home he took \$20 and a revolver and had some \$14 besides, and it was believed that he had several hundred dollars belonging to some lodges, but this is untrue. All day yesterday, the police, his parents and friends searched for him, but found no clue. Chief of Police Johnson has sent out a description to different chiefs of police of the state.

Mr. Linck is twenty-seven years of age, 5 feet 11 inches tall, weighs 170 pounds, has a black moustache and hair and dark complexion. He is prominent in labor circles, is a member of the Masonic order, of the Royal league and other organizations. He is serving his first year in the council.

Clinton, Sept. 19.—Nearly one hundred invited relatives and friends assembled at the home of Mr. and Mrs. W. F. Christman last Thursday evening, to witness the marriage of their eldest daughter, Cora Anne, to Orrin C. Wakefield of Missoula, Montana. The pleasant rooms of their country home were prettily decorated with white asters and ferns. Promptly at 8 o'clock, Mrs. E. B. Budlong took her place at the piano, and as the wedding march was played, the young couple preceded by the Rev. W. P. Leake, marched to the parlor, where in one corner, with a mass of ferns as a background, the ceremony was performed that united the happy couple as husband and wife. The accident happened at a place fifty miles south of Oklahoma, where Perry in testing heavy machinery in some way caught his foot and had it so badly crushed that amputation became necessary. A later dispatch stated that the operation had been performed at Oklahoma, where the injured man was taken after the accident and that he is resting easily and is well cared for. Mr. and Mrs. Hanson left Monday for the scene of the accident and will bring their injured son home with them as soon as he is able to make the journey. Miss Nina Olds, sister of L. L. Want of Watchfulness
Makes the Thief.

Many cases of poor health come from want of watchfulness. But if you keep your blood pure no thief can steal your health.

The one effective, natural blood purifier is Hood's Sarsaparilla. It never disappoints.

SORROW AT NORTH JOHNSTOWN
Shocked on Hearing of the Death of Mrs. Herman Tess

North Johnstown, Sept. 19.—This community was greatly surprised and shocked on hearing of the death of Mrs. Herman Tess, who passed away at her home at 6 o'clock Friday morning, after an illness of only four days, of inflammation of the bowels. Mrs. Tess was forty years of age, and had resided in this place many years, where she was greatly beloved and esteemed by all who knew her. She was possessed of a cheerful, quiet and retiring disposition, and found her greatest happiness and enjoyment in the interests connected with her own home circle. The sympathy and condolence of the entire community is extended to the bereaved husband and eight motherless children, five daughters and three sons, whose grief at the irreparable loss of the loving wife and mother from the home is almost unbearable. A large circle of other relatives and friends are left to mourn her loss. Funeral services were held Sunday afternoon at 1 o'clock at the house, and at 2 o'clock at the M. E. church, at Milton, which was filled to overflowing with sympathizing friends and neighbors. Over fifty teams followed the procession which carried the remains. Rev. W. T. Miller officiated and spoke words of comfort and consolation to the bereaved ones. The floral tributes were many and beautiful, adorning the pulpit and literally covering the casket. The interment was in the beautiful cemetery in Milton. The sick ones are not improving very fast. Grandma Tooker is not as well this week. Several relatives from this place attended the funeral of Dr. E. Cary's wife at Whitewater Saturday. She was formerly Ella Wood of Johnstown, and the interment was in that place.

Osborn's, Thursday, and returned Friday night. The W. C. T. U. meeting which was postponed last week will be held with Mrs. H. Walker, Thursday afternoon of next week. build the house
around the
bath room.

SO SOME PEOPLE say. The modern idea in building is to have the bath room and plumbing convenient and nice, if you are obliged to cut off on something else.

That Double
System of
Plumbing....

we are putting in many houses, is a convenience well worth looking into. It can be placed in any house. With it you have soft water for the bath and lavatory purposes and with the turning of a valve you can run city water through the pipes. A motor elevates the soft water automatically. We would be pleased to explain it more fully to you.

WE KEEP THE QUALITY UP.

FUR COLLARETTES
We are showing a large line.

Bought ours early and paid small prices.

Our garments are well made—reliable.

Furs will be much worn this fall and winter.

Early purchasing of furs means carefully selected skins.

Our stock is in excellent condition. We have a large assortment of fine fur garments and can save you money. Everything is advancing in price, but forehanded buying will save our customers many dollars and we can give them reliable furs at the same time.

Astrachan Jackets.
Many fur jackets will be worn and already women are selecting them. We have jackets in stock that have advanced 3 to 4 dollars since we bought them. We offer a 24-inch jacket, box front, extra high collar, excellent lining—a thoroughly good Astrachan Jacket—at \$29.00.

Fur Capes.
We make a specialty of fur capes. Our present assortment comprises a beautiful lot of them. Long, sensible capes, 27, 30 and 33-inch lengths, with sweeps of 110 and 115 inches in wool seal with opossum or marten collars. Monkey capes Electric seal with marten collar and edge. Astrachan Beaver and Novelties.

Cloth Jackets.
A very complete line at figures that are small. Several numbers have advanced from 50c to \$2 since we bought ours. We will not attempt to go into details; this "ad." is more to let you know that we are ready for any demand.

Cloth Capes, Plush Capes.
We are not caught napping. All kinds of outer garments are higher, because cloths have advanced and the great demand for garments gives employment to all the garment-workers in the large manufacturing centers and the scarcity of skilled labor sends up wages, as the experts can command a marked increase over summer prices. We placed our orders in May and June. Capes of plush or cloth will be very good and we show all the new things.

GOLF CAPES—By far the most attractive styles here. We make them to order also from beautiful Steamer Rugs. Like qualities in ready-made capes cost from \$5 to \$10 more than we get them up for. McCall Bazar Patterns are well liked. All 10c and 15c, none higher.

Last evening was the fourth quarterly conference in the Court Street M. E. church. At this conference the officers for the coming year were elected. This officer is largely the same as last year. Permits Chinese to Land.

Washington, Sept. 19.—The collector of customs in New York has been directed by Assistant Secretary Spaulding to permit the landing of three Chinese men from the battleship Olympia upon the arrival of that vessel, in order that they may take part in the parade in honor of Admiral Dewey. This, however, will not entitle them to remain in the United States.

Dreyfus Will Bring Suit.

London, Sept. 19.—M. de Pressense, editor of the Paris Temps, writing to the Chronicle, says that Dreyfus' first act of reconquered freedom will be to begin two actions, one to obtain rehabilitation and the other against the witnesses who committed perjury at Rennes. Picquart, Trarieux, Freystaetter and others will also prosecute the false witnesses.

Will Admit Only Russian Ships.

London, Sept. 19.—The Daily Mail publishes the following from Copenhagen: "Emperor Nicholas has signed a ukase decreeing that when the middle Europe canal and the Siberian railway are completed, in 1901, all important Russian ports on the Pacific, Baltic and the Black sea shall be closed forever to any but Russian ships."

To Give Battle to Rebels.

Caracas, Venezuela, Sept. 19.—The government troops under Gen. Guevara, Juarez and Avendano are marching in different directions, with the object of joining their forces and giving battle to the insurgent Gen. Cipriano Castro, who is encamped at Tinaquillo. There has been no change in the situation.

Grain-O Brings Relief

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee, but the effects are just the opposite. Coffee upsets the stomach and ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise (15 and 25c per package).

There's nothing in Ivory Soap but soap, good, pure vegetable-oil soap. There's nothing to make the linens streaky, no alkali to injure the finest textures. The lather forms quickly and copiously, and wash-day is a pleasure instead of a drudgery. Try it for the next wash. The price places it within reach of every one. Look out for imitations.

COPYRIGHT 1898 BY THE PROCTER & GAMBLE CO. CINCINNATI

JOHNSON THE NEW MANAGER.

Made Executive Officer of Democratic National Committee.

Chicago, Sept. 19.—John G. Johnson of Peabody, Kan., has been made the executive officer of the democratic national committee. He heads the executive committee and will take charge of the active work of the ways and means and press committees, and within two weeks will come to Chicago to open up headquarters and begin his work. Senator Jones, chairman of the democratic national committee, will arrive in New York Oct. 6, and two days later he will meet Mr. Johnson, either in Chicago or St. Louis. From then on the two men will work together as they did in the campaign of 1896, when Mr. Johnson was Senator Jones' right-hand man.

The democratic national committee adopted unanimously an address to the democrats of the United States, which is an appeal for harmony in party ranks. The address closes:

"Especially do we appeal to the Kentucky democracy to give loyal support to the regular ticket in that state, headed by Mr. Goebel, and thereby make sure a democratic victory in the state and the return of Senator Blackburn to the senate of the United States."

Ryan Given the Decision.

New York, Sept. 19.—Tommy Ryan, the Syracuse middleweight pugilist, gave Frank Craig, the Harlem coffee cooler, a terrible drubbing before 7,000 persons at the Coney Island Sporting club Monday night. Craig knocked Ryan down in the second round, but never afterwards did he hold the upper hand. His actions in the ninth round were disappointing, as he went down five times to avoid punishment. His face was battered out of all shape when he came up for the ninth round, and if Referee Siler had not interfered and stopped the bout Ryan would certainly have finished his job, and put an end to Craig's fighting career before the close of the round.

Soldiers May Be Shot.

Washington, Sept. 19.—Privates Danphoffer and Conine, sentenced to death by court martial for assaulting Filipino women, will not receive any mercy at the hands of the president. The sentence of the court martial will be carried out as soon as the proceedings and findings of the two cases can be reviewed and approved by him, unless there should be some irregularity about the proceedings. It is stated upon high authority that the president has fully determined not to interfere in any way in the execution of the sentence of the court martial.

German Pythians Meet.

Indianapolis, Ind., Sept. 19.—The Supreme Lodge of the Improved Order of the Knights of Pythias, the German branch of the Pythian order, began its biennial sessions here Monday with some fifty delegates in attendance. Nearly every state in the union was represented by delegates and visiting members of the order. The reports of the officers submitted at the evening session show that the order is gradually growing in the north, east and west, but little is being accomplished in the south.

Chinese Government Protests.

Washington, Sept. 19.—The imperial Chinese government, through its minister here, Mr. Wu Ting Fang, has lodged with the state department an emphatic protest against the military order of Gen. Otis excluding Chinese from the Philippines. Gen. Otis' order was issued some time ago, without direction from Washington, and apparently as a military necessity. It is understood that the Chinese government regards the outcome of this protest with much apprehension.

Ask Vindication of Dreyfus.

Geneva, Sept. 19.—A movement for an international petition to President Loubet of France for the release, vindication and rehabilitation of Dreyfus has been enthusiastically received throughout Switzerland.

Battle of El Caney at Rockford, Ill.

For the above occasion the C. & N. W. line will sell round trip tickets to Rockford at \$1.30.

OUR RIGHT OF SOVEREIGNTY.

Senator William Lindeay of Kentucky, does not agree with the people who say the United States have no right to hold the Philippines. At the meeting of the American Bar Association Senator Lindeay made an address on the subject, on which he said:

"While the treaty of peace with Spain was yet unconsidered by the senate, the point was made that the acquisition of sovereignty over the Philippines would impose the duty of ultimately erecting states out of their territory, on the ground that all territory acquired by the government, except such as may be necessary for coaling stations, the correction of boundaries, and similar government purposes, may be acquired and governed with the purpose of eventually organizing it into states suitable for admission into the Union."

"The constitution confers absolutely on the government of the Union the power of making war and making treaties, consequently that government possesses the power of acquiring territory either by conquest or by treaty. This was the deliverance of the supreme court on the first occasion that tribunal found it necessary to decide the great question."

"It is said to be inconsistent with the fundamental idea of free institutions for this government to retain territory under its imperial rule and deny the people the customary local institutions. But is it contrary to that idea to retain such territory, securing to the people all the customary local institutions they may prove themselves competent to administer, and all the civil rights that free institutions are intended to protect? In the majority opinion of the supreme court, in the Dred Scott case, it was said that a power in the general government to obtain and hold colonies and dependent territories, over which they (congress) might legislate without restriction, would be inconsistent with its own existence in its present form. Congress will not legislate over the Philippines without restriction."

"In the prosecution of a just war against Spain, the United States made the Philippines a point of attack. No organized or formidable insurrection was then in progress in those countries. Aguinaldo was voluntarily absent. He did not return until after the destruction of the Spanish fleet and after the Americans had become practically masters of the local situation. The presence of American ships and soldiers protected him and his followers from Spanish attack. Advantage was taken of conditions the Filipinos had little or no hand in bringing about for the organization of the insurrectionary army and for the establishing of, so far as it has been established, the revolutionary government. Whatever strength the insurgents were able to exhibit, and whatever advantages they may have gained over the Spanish army of occupations, are directly traceable to a war with the United States, commenced with no direct view, if any view at all, to the amelioration of the Philippine conditions. Aguinaldo's government has not to this day been recognized by any country."

"We have extended our domain into and across the Pacific, but we have not changed the nature of our government or the character of our institutions. Ours is still a union of American states and will so remain to the end. Our policy, our traditions, our interests, and our glory alike forbid the admission into the union of any other than a North American state. It does not follow, however, that we are to shrink from the full and faithful discharge of the new duty which we find ourselves under to the civilized world, and more especially to the distant islands of the Eastern seas."

BAND GOES TO GREEN BAY

Y. M. C. A. Band to Furnish Music at State Convention

The regular monthly banquet of the Y. M. C. A. band was held at their pleasant rooms in the building last evening. The attendance was quite large and a general good time was the result of the efforts of those in charge. There were many things of importance discussed. The matter of the state convention of the Young Men's Christian Association, which will be held at Green Bay, October 12 to 15, was one of the leading topics of conversation. The band of the local association will attend and furnish the music and expect to leave here Friday, October 13.

A brief program was rendered for which Harry North acted as toastmaster and George Williams as critic.

An oyster supper was enjoyed, after which the improvement of the property recently purchased at Delavan Lake, was discussed. The executive committee was instructed to present plans for improvements at the next meeting.

It was decided to incorporate the band as a musical and literary organization, which will be done at no distant date. In the discussion upon the subject, Prof. J. S. Taylor, the leader of the band, assisted very materially.

F. P. Lewis and Oscar W. Bucklin favored the audience with a clarinet and trombone duet, which was well received.

THE MAYOR'S VETO PROVES A WINNER

STAMPS HIS DISAPPROVAL OF THE OLD GIRDER RAIL

Council fails to Pass the Ordinance, the Vote Being 6 to 1—Orders Adopted For New Sidewalks in Various Parts of the City—Adjourn to September 20.

A regular meeting of the common council was held last evening, Mayor Richardson presiding.

The minutes of August 21st, August 26th, September 4th and September 11th were read and approved.

Ald. Carpenter presented an order which was adopted, granting the Chicago, Milwaukee & St. Paul Railway company the right to construct a spur track on North Main street, beginning at a point on the westerly line of North Main street, near the south line of Fourth avenue, running thence south-easterly across North Main street to the easterly side thereof, thence along the easterly side of the street to the south line of lot No. 5 in block 36. The track to be laid to conform as near as practicable to the surface of the street and the company shall keep the space between the rails properly planked.

The usual batch of bills against the several funds were allowed.

It was moved by Ald. Carpenter and carried that James Mount be allowed to put in one main or water service on his 33 foot frontage on West Milwaukee street.

Orders were presented by: Ald. Carpenter, and adopted, directing the street commissioner to repair Division street, east of East Milwaukee street; also East street and East Milwaukee street; Milton avenue, Oakland avenue and Racine street; to serve notices to build new sidewalk in front of lots 8, 9 and 10, block 5, Jackson & Smith's addition to Janesville, being on the north side of Second street; lay brick crosswalk across Main street at south side of Racine street; also across Main street at south side of Oakland avenue; for new sidewalks on South Main street, Forest Park boulevard, Glen street, Milton avenue and South Bluff street.

The order presented by Ald. McLean for new sidewalks on High, Terrace and West Milwaukee streets was adopted, also by Ald. Rice for new sidewalks on Terrace, North Academy and North Franklin streets.

Ald. Kothman was also successful in the passage of his order for new sidewalks on Washington avenue and Lincoln streets; also to build a brick crosswalk across High street and Park avenue on the south side of Washington avenue. The city clerk was directed to draw an order on the city treasurer, payable from the general fund in the sum of \$7.20 to redeem city certificate No. 86 sale of 1894, erroneously issued.

Ald. Palmer's orders for new sidewalks on South River street, also to build a brick crosswalk across South High street on the north side of North street, were adopted.

Mayor Richardson informed the council that he had vetoed the ordinance repealing the ordinance requiring the Janesville street railway company to lay girder rails on West Milwaukee street.

The ordinance was vetoed, the vote in the passage of the same over the mayor's veto resulted as follows:

Ayes—Ald. Carpenter, Kothman, McLean, Palmer, Peters, and Rice—6. Noes—Ald. Sennett—1.

Mayor Richardson's veto message in full, was as follows:

Gentlemen of the Common Council—I return herewith with my veto, an ordinance, entitled "An ordinance to repeal an ordinance, entitled 'An ordinance to require the Janesville Street Railway Company to lay girder rails on a certain portion of West Milwaukee street in the city of Janesville in place of the rails now used on said street.'"

The ordinance that you would repeal was passed by the council after long deliberation and discussion, and you were then, unanimously agreed that the girder rail was the only proper rail to use on the street, and the only rail that would leave the street in a thoroughly good condition. I can see no good reason for your change of opinion except that it has been found difficult to secure girder rails in time to allow of finishing the street this fall. Girder rails can be procured in time to build the street next season, and I believe it will be for the best interest of the city and of the taxpayers on the street, to wait until that time, if by so doing they can have a better street.

Another reason that will make it desirable to wait till next spring before laying the pavement is that the delay will give ample time for the settling of those portions of the street which are now being disturbed for the purpose of laying gas and water services. I am of the opinion that unless this time is allowed to elapse before putting down the pavement, that portions of the street will settle after the pavement is laid, and the surface of the pavement be thus made broken and uneven.

In order to procure a good street, we are putting the taxpayers to a heavy expense, and every precaution should be taken, to the end, that the street, when finished may be in all respects first class.

VICTOR P. RICHARDSON.

The council adjourned until Wednesday evening, Sept. 20.

Dredge with flour on both sides, lay in a rather small, deep baking pan with boiling water enough to nearly cover it, and roast for an hour, basting with the gravy every 10 or 15 minutes. Then turn on the other side and spread over the roast a rich tomato sauce. Sprinkle with two cups of chopped fine, two sprigs of parsley chopped fine and two or three whole peppercorns, adding boiling water if needed. Serve hot, with its own gravy, of which there should be a pint.

LAYING SPUR TRACK ON NORTH MAIN ST.

WORK COMMENCED THIS MORNING BY C. M. & ST. P.

Switch Laid at the Request of A. N. Jones, the Leaf Tobacco Dealer—He Expects to Materially Increase His Business as a Result of New Improvement.

At 7 o'clock this morning, City C. M. & St. P. laborers commenced laying a new spur track on North Main street and the work is now well along. The move has been contemplated for some time, but last night representatives of the company appeared at the council meeting and asked permission to extend their track in the above mentioned street, which permission was granted. The work is being done by a gang of about fifty laborers in charge of Roadmaster Anderson of the St. Paul road, and Assistant General Superintendent D. C. Bush arrived this morning to look after his company's interests.

The new track starts from the old spur at Fourth avenue, and runs diagonally across Main street to the east side of the thoroughfare, which it touches just north of Pease Court. It was put in at the request of A. N. Jones, the leaf tobacco dealer, who for some time has been trying to get the company to extend its line to his two warehouses on Main street. Mr. Jones and Ex-Mayor Thoroughgood went into Chicago a short time ago and had a talk with Superintendent Collins in regard to the matter, and that they were successful is evidenced by the work now being done. Last year Mr. Jones handled 3000 cases of leaf at his two warehouses and says he expects to exceed that figure the coming season, and the work of shipping it will be greatly facilitated by the present improvement. Other tobacco dealers realize the advantages to be obtained on Main street and several of them are contemplating the erection of warehouses on the lines of the spur track.

There was naturally some little objection from a few property owners to the laying of additional tracks in the street, but the damages resulting to each have been satisfactorily settled, except in one case. A member of the common council when seen this morning, said that the action of the body in granting the St. Paul people the right of way, was for the best interests of the city, as North Main street from Prospect avenue, possessed obvious advantages for manufacturing firms as well as for others who do shipping. It was never adapted to use as a residence street, and he thought that in time the locality would be entirely occupied by manufacturers and tobacco dealers.

Surveyors were at work yesterday afternoon along the ravines on Bunker Hill, but what their object was nobody could find out and the C. M. & St. P. officials state that the men were not in their employ. The proceedings today were quiet and orderly and lacked the spectacular features that marked the track laying on North River street last spring.

TRAMPS FIGHT POLICEMEN

Vagrants Cause Trouble in the Beloit Railroad Yards.

Beloit, Wis., Sept. 19.—Chief Apuley and Officers Scheable, Chamberlain and Whipple had a desperate fight Sunday night, with twenty tramps, who were stationed in a box car in the Northwest-ern railroad yards. The disorderly conduct and rioting of the men brought complaints to the police, who attempted to dislodge them, with the result that a bitter fight ensued. The tramps got away.

A RELIC OF YEARS LONG GONE

Chas. C. Cleland Has Ox Shoes Used in 1846.

Charles Cleland, the local insurance agent, possesses a relic of former days in the shape of a pair of ox shoes which were used on a team of oxen by Mr. Cleland's father, over fifty years ago. The oxen on which the shoes were used, drew wheat from Janesville to Milwaukee during the winters of 1846 and 1847 when this city was but a hamlet. Mr. Cleland has had one of the shoes in his possession for about ten years but the other was plowed up on his farm a short time ago. He has had them smoothed down and nicker plated and he prizes them highly.

Lincoln J. Carter's latest effort "Under the Dome" will be given its first production in Janesville at the Myers Grand next Wednesday, Sept. 20. Many startling realisms are promised. A reproduction of the awful hurricane in the harbor at Apia, and the trip of a ferryboat from Jersey City to New York being the most prominent.

IN marked contrast to the excellent performance given by the "Hottest Coon in Dixie" company here a short time ago, was the featureless "coon" show at the Myers Grand opera house last night, and it would be more merciful to the management, perhaps, to pass it by without comment. PROTEST TO BOARD OF EQUALIZATION

DELEGATES FROM ROCK COUNTY AT MADISON.

Joined by Others From Racine, Kenosha, Oshkosh and Other Cities.—Opposed to the Reduction of Milwaukee Tax Assessment.—Resolution of County Board of Supervisors.

Delegates from Rock county went to Madison today where with other delegations from Racine, Kenosha, Oshkosh and other cities, they were to protest to the board of equalization, against the demand of the Milwaukee officials that the tax assessment of Milwaukee be reduced 33 per cent. and that of the state be increased 50 per cent. They were to endeavor to show why the Cream City taxes should not be reduced, and also show why the assessment of other cities of the state is high enough as it is.

The Rock county Board of Supervisors met some time ago and passed the following resolution:

Resolved, that the chair appoint a committee of two to confer with the State Board of Equalization, and if possible have the basis of taxation made the same as the amounts returned by our local assessors.

The chair appointed as such committee, A. C. Powers of the town of Beloit, and A. Eager of Evansville. They went to Madison this morning and their report will be anxiously awaited.

GEN. ALGER OUT OF THE RACE

Won't Be a Candidate for the United States Senate.

Detroit, Sept. 19.—Gen. R. A. Alger Monday gave out a letter written by himself in New York Sept. 8, in which he announces his withdrawal from the candidacy for United States senator. The letter follows:

"New York, Sept. 8, 1899. My Dear Mr. Judson:—After careful consideration I have decided not to be a candidate for the United States senate. My reasons for this determination are personal and of a business nature.

"I fully appreciate and thank you and my many other friends who offered support, and hope to be able in the future to show my gratitude for all that has been done for me by the people of our state. I am, my dear sir, sincerely yours, R. A. ALGER.

"Hon. William Judson, Ann Arbor, Mich."

Gen. Alger declined to say anything further concerning his withdrawal than was contained in the letter.

It is strongly intimated that now Gen. Alger has withdrawn from the race, Gov. Plingree will be a candidate for the United States senate.

In Memory of Garfield.
San Francisco, Sept. 18.—The memory of the martyred President James A. Garfield, was honored Sunday afternoon at Golden Gate park. Orations were delivered by United States Senator George C. Perkins and Representative Julius Kahn. There was a creditable parade, the participating organizations being G. A. R. posts, a detachment from the United States battle ship Iowa and a detachment of the First California regiment, United States volunteers, besides various civic societies.

Boers Contemplate a Coup.
London, Sept. 19.—The second edition of the Times contains a dispatch from Johannesburg, which says:

"There is, I am informed, some early coup in contemplation. The quantities of compressed forage forwarded in the direction of the Natal border indicate some move on the part of the troops in that quarter. The government is buying horses freely to-day."

The evening papers all indicate the seriousness of the crisis.

ODD FELLOWS CELEBRATE.

Gathering at Detroit Marks the Diamond Jubilee.

REPORTS SHOW PROGRESS.

Order Has Affiliations with Over 1,000,000 Persons—Secretary Grant Tells of an Encouraging Increase During the Past Year.

Detroit, Mich., Sept. 19.—The opening day of the Independent Order of Odd Fellows' diamond jubilee, Monday, was a busy and enthusiastic one despite adverse weather conditions. Hard, persistent rain fell throughout the day, but this failed to dampen the spirits of the Odd Fellows or to keep them away from the public welcome extended at the Detroit opera house by Mayor Maybury and Michigan Odd Fellow officials. Every representative entitled to a place on the floor of the sovereign grand lodge was in his place when the session opened—189 men—from every state and territory and the Canadian provinces.

Alfred S. Pinkerton, grand sire, responded to the welcome, after which the sovereign grand lodge representatives proceeded to Harmonie hall, where the first business session was held.

Albert S. Pinkerton, grand sire and commander in chief, in his annual report said:

"The evidence of the work of the aggressive progressive force of Odd Fellowship is a refutation of the false assertion that present citizens of the world are as good as were their fathers. Welcome every agency that lends a helping hand to those who need it. Dec. 31 last our subordinate lodge membership was 880,961, and the number of sisters enrolled in the Rebekah lodges numbered 190,007. These figures enable us for the first time to honestly claim fraternal affiliations with over a million persons."

At the business meeting Grand Secretary and Adjutant-General J. Fred Grant reported an encouraging increase for the year in both the subordinate and Rebekah branches, that of the former having been greater than in any year since 1892. A small decrease was reported in the encampment branch, much smaller, however, than in any other of several years past.

The secretary gave the following summary of the condition of the order Dec. 31, 1898: Sovereign grand lodges, 1; independent grand lodges (Australia, Denmark, Germany, Sweden and Switzerland), 5; subordinate grand lodges, 65; subordinate grand encampments, 55; subordinate lodges, 11,796; subordinate encampments, 2,641; lodge members, 859,929; encampment members, 128,267; Rebekah lodges, 5,071; members of Rebekah lodges, 313,163. The whole increase in all branches of the order for the year was 30,225.

The report showed the relief expenditures by lodges to be \$3,126,050; relief by encampments, \$249,736; and by Rebekah lodges, \$47,149, making a total of \$3,422,936. The total expenses of subordinate lodges was \$44,159,726. The revenue of subordinate lodges amounted to \$7,752,282; subordinate encampments, \$570,762; Rebekah lodges, \$443,348; total, \$8,766,393. The total invested funds aggregate \$27,185,241.

Treasurer M. Richards, Munkle of Philadelphia, submitted his report, and the reading of it and the other officers' reports was dispensed with. After committees had been appointed many resolutions were offered. The most important one was introduced by Representative Young of Maryland, and is aimed at the mileage paid representatives to the sovereign grand lodge. At present 10 cents a mile is allowed for delegates living east of the Rocky mountains and 12 cents west. It orders the figures reduced to 8 and 10 cents, respectively. It was referred to a special committee.

There will be no election of officers by this convention.

The matter of admitting negroes to the I. O. O. F. is expected to come up at this session, as it has done for a number of years, and will probably, as heretofore, be voted down. The Rebekah branch is working to obtain representation on the floor of the sovereign grand lodge, but there is a deal of opposition to such an innovation.

French Conspirators on Trial.

Paris, Sept. 19.—Before the French senate Monday was begun the trial of Deroulede, Marcel-Habert and others on charges of conspiring to overturn the existing form of government. Among the accused, none of whom was in court, are members of the League of Patriots, the Anti-Semitic league, the Society of Anti-Semitic Youth, and the nationalist, royalist and imperialist parties.

Washington, Sept. 19.—The president has stated that he would positively be present at Chicago to participate in the ceremonies incident to the laying of the corner stone for the new federal building. MINERS' STRIKE DECLARED OFF.

Agreement Reached for the Chicago and Alton Subdistrict.

Springfield, Ill., Sept. 19.—At a joint conference of representatives of the operators and striking miners of the Chicago and Alton subdistrict and state officials of the United Mine Workers an agreement was reached and the strike, which has affected over 1,000 men since April 1 last, is declared off. The agreement provides that the strikers return to work at \$1.47 a yard for an eight-foot entry, a reduction of 63 cents from the prices demanded by the miners and an increase of 12 cents from the scale offered by the operators. The operators pay the state scale fixed by the district of 40 cents a ton.

Otis Making Great Plans.

Washington, Sept. 19.—Gen. Otis is making plans for weeks and months ahead and part of the detail is being worked out at this end. This is taken to mean at the war department that he is not to be superseded. He made personal selection of many of the staff officers needed and his requests were all honored.

One of his requests was for Major J. H. Morrison of the judge-advocate's office. Judge-Advocate General Leiber protested against being compelled to part with so valuable an assistant, one of the ablest men in the service.

"You give reasons to convince me that he should be sent," said Secretary Root. "The most important business of the American army is now in the Philippines. Let the order be prepared."

Cuba Hurt by Drought.

New York, Sept. 19.—William Willis Howard, general manager of the Cuban industrial relief fund, who has recently returned from Cuba, says: "Cuba is in a pitiful state. Instead of a rainy season, Cuba has had a drought. Not since 1844 has there been such long continued dry weather during the summer. The result has been disastrous. The United States weather bureau reports that all small crops have been ruined. Sugar cane has been so damaged that the crop next year will be less than the crop ground this year. The most distressing feature of the drought is the destruction of the corn crop."

Schley Says He Will Accept.

Washington, Sept. 19.—Admiral Schley has announced his readiness to accept the command of the south Atlantic squadron or any other duty to which the president may assign him. "I am a sailor," said Admiral Schley, "and will obey orders."

Here is one case of it.

Mr. H. P. Hanson, of 103 Pleasant St. engineer, employed at the Janesville Machine Co., says: "Doan's Kidney Pills did me all the good that could be expected and I recommend them to any one who may be troubled with a lame back or any kidney disorder. After procuring them at the People's drug store and taking them I felt better sleep better, my back did not ache like it did, and I did not rise in the morning with a lame and sore back. I suffered from these symptoms for four or five years and I was more than pleased at the results obtained from the use of Doan's Kidney Pills."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name, Doan's, and take no substitute.

WINE OF CARDUI

Woman's
Crowning Virtue.

Belton, Mo., July 27.
For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so dependent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

Wine of Cardui

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

A LARGE BOTTLE OF WINE OF CARDUI COSTS \$1.00 AT THE DRUG STORE.

Ideal Milk Stands All Tests

The point brought up at a "Council" meeting some little time since, regarding the inspection of city milk, would, if enforced, find Ideal Aseptic Jersey Milk ready for any test. It is cooled and bottled in the most approved manner, bottles are scalded and thoroughly rinsed and each bottle fitted with clean, new, wood pulp corks. It will keep well and is perfectly pure. When cream forms on milk and becomes stringy it is impure. Ideal Milk forms perfect cream.
